Dear Players and Parents

This year the club is introducing a volunteer's levy of \$50 per family that will be payable with your registration fees for the 2017 season. Other sporting clubs have already implemented this and unfortunately we need to go down this track too.

Many tireless hours are spent during the season to enable the smooth running of the club for everyone to enjoy! The work that we do also helps to keep your subs down and this year we are keeping subs the same as last year.

You will have the opportunity to have the \$50 levy refunded at the end of the season. So what are we asking for is around 4 extra hours of your help for the entire season! This will be on top of the weekly jobs of canteen, scoring and timing duties. These will still be rostered as they have in previous years.

Each player/family will be rostered to help with 3 jobs during the season. They can comprise of any of the following:

- Selling raffle tickets at the Vine Inn on a Friday night approx 5 - 6pm (we made \$2400 from this last year)
- The clean up of the courts and Sports Centre after home games.
- Finals duties are also a big part of the running of the club and each player/family will be required to help out on one of these occasions.
- The club also has other opportunities such as Day on the Green and social functions such as the Tiger Ball.

As the saying goes 'many hands make light work' and if we all help out in a club of 170 players the work won't be too much!

Any questions, queries or concerns please feel free to contact me to discuss.

Regards

Rachel Pridham
